Optimal hand and body cleansing developed for sensitive skin.

- MODERN surfactant combination
- SKIN-FRIENDLY - Dye and fragrance-free
- AVAILABLE as foam or liquid soap

Seraman™ sensitive / Seraman™ sensitive foam

Modern and skin-friendly hand & body cleansing wash.

PRODUCT CHARACTERISTICS

PRODUCT PERFORMANCE	BENEFITS FOR THE USER
Particularly skin-friendly surfactant combination containing APG (alkyl polyglucoside)	Suitable for individuals with sensitive skin
Dye and fragrance-free Use of an extremely skin-friendly preservative	Low allergenic potential, less skin irritation
APG is made from renewable raw materials such as maize, potatoes, wheat and natural fats including coconut and palm kernel oil	Extremely environmentally friendly since it is easily degradable and residue-free
Seraman™ sensitive foam: Foam application Stable creamy foam - economical	Easy to rinse off Extremely gentle on the skin Product savings of up to 70% and reduced water consumption

INSTRUCTIONS FOR USE

Moisten hands with water.

Pump the product once or twice onto the palm of your hand.

Rub your palms together to create a lather. Then wash your hands thoroughly.

Rinse your hands with water.

Thoroughly dry your hands with a disposable towel.

Your hands are now clean.
